Hi Captain - as you know, at the last Jt. Security Committee meeting, a few neighbors from the Sunset BID came in to register their concerns about pedestrian safety in the area around Vine/Lexington. At a previous SVBID Board meeting, we had neighbors come in from the area near the Social Security Building.

I promised to put together a problem solving meeting - and to bring together the property owners and the business owners - along with LAPD and the BID, to do some problem solving around making this area safer for pedestrians and the neighbors who live off Vine.

Am working on that now - reaching out to the owner of the SSA building (see below) and owners of Goodwill, Dollar Store, Taco Bell etc. Just wanted to get your lead on which senior lead has that area - copying both Joe and Paul on this because I know at various times, it has been one of them.

Thanks so much - and I will coordinate with that person with the meeting date.

Kerry

Subject: Vine Street problem solving

Hi Eddie - hope all is well.

I am trying to set up a meeting before the Christmas holiday with property and business owners along a two block stretch of Vine Street (between the SSA building and Goodwill). We have had neighborhood concerns raised about public safety in that area, and an increase in encampments and intimidating behavior. This coincides with what has been a city-wide trend, but it is particularly intimidating along Vine Street.

I captured this photo driving home two weeks ago (both a long view and up close) and there were at least 10 people hanging around. This stretches up the block; not just focused in one area. We can talk more at the meeting, but we are bringing everyone together to talk about how to collaborate on making this area safer.

LAPD and BID Patrol will also be involved.

Who would be the best person to invite this time from the SSA management side? And, if I can pull this together before the Christmas holiday, would you be available?

Kerry
